1. “**Asymptotic Theory for the Estimation of the Hüsler-Reiss Distribution via Block Maxima Method**”, *H. Flury, Jan Hannig, Richard Smith - Extremes (2026)*
2. “**Constrained Fiducial Inference for Gaussian Models**”, *H. Flury, Jan Hannig, Richard Smith - Journal of Time Series Analysis (2026)*
3. “**Earthquake Catalog Processing and Swarm Identification for the Pacific Northwest**”, *Max Schneider, H. Flury, Peter Guttorp, Amy Wright - Seismological Research Letters (2023), 2500-2513.*

In Preparation

1. “**Asymptotic Theory for the Estimation of Gaussian Spatial Processes via Composite Likelihood**”, *H. Flury, Jan Hannig, Richard Smith*

PRESENTATIONS

Contributed Talks

- | | |
|---|------------------------|
| • Midwest Popgen University of Chicago | Chicago, August 2026 |
| • Extreme Value Analysis Conference UNC Chapel Hill | Chapel Hill, June 2025 |
| • Extreme Value Analysis Conference Bocconi University | Milan (IT), June 2023 |

Invited Talks

- | | |
|---|-----------|
| • UNC STOR Graduate Student Seminar | Aug. 2023 |
| • NKUA Statistics Seminar National and Kapodistrian University of Athens | Nov. 2023 |

PROFESSIONAL SERVICE

- | | |
|--|--------|
| • Referee for <i>Journal of the American Statistical Association</i> | 1 time |
| • Referee for <i>Robust and Multivariate Statistical Methods Festschrift</i> | 1 time |

- Referee for *Sankhya A – The Indian Journal of Statistics* 1 time
- Referee for *Statistical Theory and Related Fields* 1 time
- Referee for *Statistical Inference for Stochastic Processes* 1 time
- Referee for *Annals of Applied Statistics* 1 time

TEACHING EXPERIENCE

Instructor (full responsibility for course)

- STOR/MATH 115: Introduction to Quantitative Reasoning Summer 2024, Fall 2024
- STOR 155: Introduction to Data Models and Inference Fall 2023

Lab Instructor

- STOR 320: Introduction to Data Science Spring 2022, Summer 2022, Summer 2023
- STOR 120: Foundations of Statistics and Data Science Summer 2022

CONSULTING

- UNC Research Administration Service Center
 - Designed model to predict manpower needed to process grant funding administrative work
 - Created user-friendly, flexible user interface to aid in prediction for future tasks
- UNC School of Medicine
 - Created integer programming method to assign UNC medical student to hospital campuses based on preference scores and capacity limits
 - Delivered adjustable user interface for client's ease of use

FUNDING

- Research Assistant to Jan Hannig 3 Semesters
- Departmental Funding 7 Semesters

PROFESSIONAL EXPERIENCE

Undergraduate Research Assistant June 2019 - June 2020
University of Washington Department of Environmental and Occupational Health Sciences

Drop-in Statistics Tutor Sept. 2018 - May 2019
University of Washington Statistics Tutor and Study Center

TECHNICAL SKILLS

Proficient LaTeX, R, Matlab, Mathematica, Python
Familiar RStan, Java

COMMUNITY SERVICE

- STOR Departmental Graduate Student Senator 2022-2023
- Statistics and Probability Association Vice President 2018-2019
- Wendell Phillips Academy High School Volunteer Math Tutor 2026-present
